

When Entering Your Home!

COVID-19 Has been a wake up call to us all. Here are some THINGS TO DO to keep the bacteria out and your home safe and clean.

Step 1

When coming home try not to touch anything.

Step 3

Disinfect your pet's paws if you took them for a walk.

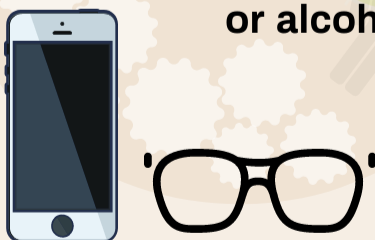

Step 5

Leave your bag, purse, wallet, keys etc. in a box at the entry of your home.

Step 7

Wash your mobile phone and glasses with hot soapy water or alcohol (disinfectant).

Step 9

Carefully remove and dispose of your gloves then wash your hands.

Step 2

Remove your shoes.

Step 4

Remove your clothes and place them in a bag to be washed.

Use bleach and hot washing machine cycle (over 60 degrees)

Step 6

Have a shower. If you can't wash all exposed areas.

Step 8

Clean with bleach all the surfaces of whatever you brought from outside before storing it. (Don't forget to use gloves)

Prepare 20ml of bleach per 1 litre of water solution

Step 10

Remember it is not possible to carry out complete disinfection. The goal is to minimize the risk.
